The Structure & The Rules

(An Overview)

Instructions

The two most important actions in this program are (1) paying your money timely & (2) Sponsoring two other people timely. Both should be completed within 3 days to insure your getting paid!

Here Is How

1- Send your money, wrapped in aluminum foil or black construction paper, placed in a regular envelope, then placed in a FedEx or UPS shipping envelope and send overnight to the person you are to pay **DO NOT USE THE POST OFFICE.**

2- Ask your sponsor to help you get your two people Now! (This is Required)

You need to have Internet access! You can go to the local library if you do not have a computer or you can ask a friend to help you look up your matrix.

Winners presents a unique combination of education and practical demonstrations so that its members can enjoy first hand experience about how money and wealth creation works. The structure and rules are simple, and they are based upon the principles of wealth we were not taught in school.

How It Works

All existing and new members are given access to an incredibly powerful education & information system. Along with your educational material, each step of the system allows you to progress through a series of matrixes which, when properly executed, will enable you to experience the "magic of money". The matrixes are designed to allow for speed in progression by participating and contributing members.

Step One: \$50 Entry & Matrix

(A) Your referrer will have automatically placed you on a \$50 Matrix with him or her, and you will ship your \$50 (US Dollars) to the person at the top of that particular matrix. (Be sure to read the additional instructions about shipping of funds and the mechanics of matrix movement).

(B) The \$50 matrix consists of one person at the top, 2 people below him, and 4 empty positions across the bottom. You will have been placed in one of those empty bottom positions. As you and your matrix-mates are sharing this experience with others, the bottom positions fill, and the matrix then splits into two new matrixes with everyone progressing up to the next level.

(IMPORTANT!: In order to progress to the top position, you must have referred two new people to your matrix. For this reason, it is important that you introduce this experience to those of like-mind who will not be bashful about sharing it with others. They will not experience monetary results from the matrixes, if they choose not to share the experience with others.)

(D) When you are in the top position, you will have 4 new members on the matrix, sending you \$50 each, for a total of \$200.

Step Two: \$150 Matrix

When you have "graduated" from the \$50 Matrix, you are now eligible for Segment Two and the next money matrix (\$150.00)

(A) **IMPORTANT: TO PARTICIPATE IN THIS STEP, YOU MUST CHECK WITH YOUR REFERRER IN ORDER TO INSURE THAT YOU ARE BEING PLACED ON HIS/HER \$150 MATRIX.** The structure for this matrix is the same as for the \$50 matrix, with 4 positions at the bottom.

(B) The two or more people you have referred will soon be graduating from their \$50 matrix and will be ready to join you on the \$150 matrix as well.

Progression through the matrix is identical to that of the \$50 matrix. In the event that one or more of your referrals has not yet satisfied the requirement of introducing two new people to their matrix, it will be in your interest and theirs, to help them satisfy that requirement quickly, so that they can act as your two referrals on the \$150 matrix. For that reason, it is important that you select like-minded people to share this with.

(C) Upon "graduation" from the \$150 matrix, you will have 4 people sending you \$150 each, for a total of \$600.

Step Three: \$300 Matrix

(A) Structured exactly like the \$50 and \$150 matrixes, you will be following your sponsor onto his/her \$300 matrix.

(B) YOUR referrals will be following you onto this matrix, and upon graduation, you will have 4 people sending you \$300 each, for a total of \$1,200.

Step Four: \$1,000 Matrix

(A) Structured exactly like the previously detailed matrixes, you will be following your sponsor onto his/her \$1,000 matrix. Your referral will be following you onto this matrix, (IMPORTANT: AGAIN YOU MUST LET YOUR REFERRER KNOW SO HE OR SHE CAN ENTER YOU INTO THE COMPUTER AND YOU FOLLOW THEM ON TO THE NEXT MATRIX)

(B) Upon graduation, you will have 4 people sending you \$1,000 each, for a total of \$4,000.

Step Five: \$3,000 Matrix

(A) Structured exactly like the previously detailed matrixes, you will be following your sponsor onto his/her \$3,000 matrix. Your referral will be following you onto this matrix, (IMPORTANT: AGAIN YOU MUST LET YOUR REFERRER KNOW SO HE OR SHE CAN ENTER YOU INTO THE COMPUTER AND YOU FOLLOW THEM ON TO THE NEXT MATRIX)

(B) Upon graduation, you will have 4 people sending you \$3,000 each, for a total of \$12,000.

THE RULES

We have developed these simple rules to insure that Winners flourishes and should

never bog down. Please read these rules carefully and abide by them. They were developed for your benefit, as well as everyone in Winners. Please be aware that ANY violation of these rules may results in termination from Winners.

Rule Number 1

YOU MUST SPONSOR TWO PEOPLE IN ORDER TO PROGRESS TO THE TOP POSITION AND EXPERIENCE MONETARY RESULTS BEGINNING WITH THE \$50 MATRIX.

Rule Number 2

PAYMENTS TO THE PERSON IN THE TOP POSITION MUST BE MADE TIMELY. You will be provided with the shipping instructions, and you will have 3 business days within which to provide that person with a valid tracking number. . Failure to do so in a timely fashion may result in your removal from that matrix.

- **Disclaimer:** Neither Winners nor its members can guarantee your experience. By availing yourself of the unique educational material, and by actively contributing to and participating in the matrix events, you can create an incredible money experience for yourself.

We are many people of like mind, helping many people of like mind, to help **THEMSELVES. WE CAN'T DO IT FOR YOU, NOR CAN YOU DO IT FOR ANYONE ELSE.** Assisting others in grasping the concepts and overcoming the limitations that have held them back, is what you and we can all do to be of service to others.

Would you bring into your life more power?
Get the power consciousness.

More health?
Get the health consciousness.

More happiness?
Get the happiness consciousness.

Live the spirit of these things until they become yours. You need not acquire this power, you already have it.

That much gathers more is true on every plane of existence, and that loss leads to greater loss is equally true.

Mind is creative, and conditions, environment and all experiences in life are the result of our habitual or predominant mental attitude.

The attitude of mind necessarily depends upon what we think. Therefore, the secret of all achievement and all possession depends upon our method of thinking.

This is true because we must "*be*" before we can "*do*", and we can "*do*" only to the extent that we "*are*", and what we "*are*" depends upon what we "*think*".

The World Without is a reflection of the World Within. The World Without reflects the circumstances and the conditions of the consciousness within.

What comes to us in the World Without is what we already possess in the World Within.

All possession is based on consciousness.

Harmony in the World Within means the ability to control our thoughts, and to determine for ourselves how any experience is to affect us.

We are related to the World Without by the Objective Mind. The brain is the organ of this mind.

We are related to the World Within by the Subconscious Mind. This system of nerves presides over all subjective sensations, such as joy, fear, love, emotion, and imagination. It is through the Subconscious that we are Infinite constructive forces of the Universe.

It is the coordination of these two centers of our being (*Conscious and Subconscious*), and the understanding of their functions, which is the great secret of life. With this knowledge we can bring the objective and Subjective Minds into conscious cooperation and thus coordinate the finite and the Infinite.

Our future is entirely within our own control.

All agree that there is but one principle or consciousness pervading the entire Universe, occupying all space, and being essentially the same in kind at every point of its presence.

It is all-powerful, all-wisdom and always present. It is all in all.

As there is only one consciousness in the Universe that is able to think, it necessarily follows that your consciousness is identical with the Universal consciousness, or, in other words, all Mind is one Mind.

The consciousness that focuses in your brain cells is the same consciousness which focuses in the brain cells of every other individual. Each individual is but the individualization of the Universal.

The Universal Mind is potential energy.

The ability of the individual to think is their ability to act on the Universal and bring it into manifestation. Human consciousness consists only in our ability to think.

Every thought is therefore a cause, and every condition an effect; for this reason it is absolutely essential that you control your thoughts so as to bring forth only desirable conditions.

The Universal Mind is the life principle of every atom which is in existence; all are intelligent.

The World Within is the cause, the World Without the effect; to change the effect you must change the cause.

Most people attempt to change effects by working with effects. They fail to see that this is simply changing one form of distress for another.

To remove discord, we must remove the cause.

Remember that it is in the application alone that the value consists, and that a practical understanding will substitute abundance for poverty, wisdom for ignorance, harmony for discord and freedom for tyranny, and certainly there can be no greater blessing than these from a material standpoint.

Your conclusions & personal notes:

The operations of the mind are produced by two parallel modes of activity. The one Conscious, and the other Subconscious.

Of these two powers, the outward has been termed the "Conscious Mind", perceiving and operating through the five physical senses. The interior power is called the "Subconscious Mind", and besides its work on the mental plane it controls the regular functions which make physical life possible.

Ease and perfection depend entirely upon the degree in which we cease to depend upon the Conscious.

The value of the Subconscious is enormous; it inspires us; it warns us; it furnishes us with names, facts and scenes from the storehouse of memory. It accomplishes tasks so intricate that no Conscious Mind has the capacity for them.

The Conscious Mind can direct the Subconscious Mind. It is this high function which can completely reverse conditions in your life.

Conscious Mind is reasoning will. Subconscious Mind is instinctive desire.

The Subconscious Mind does not engage in the process of proving, it relies upon the Conscious Mind.

The Subconscious Mind perceives by intuition. Hence its processes are rapid.

The Subconscious Mind never sleeps; never rests. It has been found that by plainly stating to the Subconscious Mind certain specific things to be accomplished, forces are set in operation that lead to the result desired.

Those who learn to trust their Subconscious find that they have infinite resources at their command.

The Subconscious Mind cannot argue controversially. Hence, if it has accepted wrong suggestions, the sure method of overcoming them is by the use of a strong counter-suggestion, frequently repeated; the Subconscious being creative and one with our Divine Source will at once create the freedom suggested.

To sum up: The normal function of the Subconscious on the physical side have to do with the regular and vital process; the restoration of health; an instinctive desire to improve conditions generally.

On the mental side, it is the storehouse of memory.

On the spiritual side, it is the source of the imagination, and is the channel through which we recognize our Divine Source, and as we recognize this Divinity, we come into an understanding of the source of power.

Someone may ask: "*How can the Subconscious change conditions?*"

The reply is, because the Subconscious is a part of the Universal Mind and a part must be the same in kind and quality as the whole; the only difference is one of degree. The whole, as we know, is creative; consequently we find that mind is creative.

Thinking and directing our thought consciously, we set in operation the mightiest force in existence, the creative power of the Universal Mind. This, like everything else, is governed by Natural Law,

and this law is the "Law of Attraction", which is that Mind is creative, and will automatically correlate with its object and bring it into manifestation.

Your conclusions & personal notes:

You have found that the individual may act on the Universal, and that the result is cause and effect.

Thought is the cause, and the experiences in life are the effect.

Every thought is received by the brain, it is here subjected to our power of reasoning. When the Captain has been satisfied that the thought is true, it is sent to the Crew to be brought into the world as a reality. The Subconscious Mind cannot argue, it only acts. It accepts the conclusions of the Captain as final.

This center of energy is Omnipotent because it is the point of contact with all life and all intelligence, where the finite become Infinite, the Universal becomes individualized. It can therefore accomplish whatever it is directed to accomplish, and herein lies the power of the Conscious Mind; the Subconscious can and will carry out such plans and ideas as may be suggested to it by the Captain.

It is our attitude towards life which determines the experiences with which we are to meet. If we expect nothing we shall have nothing. If we demand much we shall receive the greater portion.

What, then, is the most natural way of making the desired impression? Mentally concentrate on the object of your desire. When you are concentrating you are impressing the Subconscious.

The Subconscious Mind is a part of the Universal Mind. The Universal is the creative principle of the Universe; a part must be the same in kind and quality as the whole. This means that this creative power is absolutely unlimited.

The Subconscious Mind is responsive to our Conscious will, which means that the unlimited creative power of the Universal Mind is within the control of the Conscious Mind of the individual.

NOTE. When making a practical application of this principle, it is well to remember that it is not necessary to outline the method by which the Subconscious will produce the results you desire. The finite cannot inform the Infinite. You are simply to say the you desire, not how you are to obtain it.

Your conclusions & personal notes:

This Part will show you why what you think, or do, or feel, is an indication of what you are.

Thought is energy, and energy is power.

The "I" of you is not the physical body; that is simply an instrument which the "I" uses to carry out its purpose. The "I" cannot be the Mind, for the Mind is simply another instrument which the "I" uses with which to think, reason and plan.

The "I" must be something which controls and directs both the body and the mind; something which determines what they do and how they shall act.

When you say "*I think*", the "I" tells the mind what is shall think; when you say "*I go*", the "I" tells the physical body where it shall go; the real nature of this "I" is spiritual, and is the source of the real power which come to men and women when they come into a realization of their true nature.

The greatest and most marvelous power which this "I" has been given is the power to think.

One of the strongest affirmations which you can use for the purpose of strengthening the will and realizing your power to accomplish is "*I can be what I will be*".

Every time you repeat it realize who and what this "I" is; and come into a thorough understanding of the true nature of the "I".

When you have learned to control yourself, you will have found the World Within which controls the World Without.

The World Within is controlled by the "I" and that this "I" is a part of or one with the Infinite "I" which is the Universal Energy or Spirit, usually called God.

This is not a mere statement for the purpose of confirming or establishing an idea, but it is a fact which has been accepted by the best religious thought as well as the best scientific thought.

Herbert Spencer says: "*Amid all the mysteries, nothing is more certain than that we are ever in the presence of an Infinite and Eternal Energy from which all things proceed.*"

Lyman Abbott, in an address delivered before the Alumni of Bangor Theological Seminary, said:

"We are coming to think of God as swelling in man rather than as operating on men from without."

But this is by no means a new discovery, the Bible says exactly the same thing, and the language is just as plain and convincing: *"Know ye not that ye are the temple of the living God?"*

Here, then, is the secret of the wonderful creative power of the World Within.

Here is the secret of power. To overcome does not mean to go without things. Self-denial is not success.

The Infinite is not a bankrupt and we who are the representatives of Infinite power should not be bankrupts either, but to get it we must give; we must be of service.

There more we give the more we shall get.

Thought is a mode of motion and is carried by the Law of Vibration. It is given vitality by the emotions through the Law of Love; it takes form by the Law of Growth; it is a product of the spiritual "I", hence its Divine, spiritual and creative nature.

From this it is evident that in order to express power, abundance or any other constructive purpose, the emotions must be called upon to give feeling to the thought so that it will take form.

How may this purpose be accomplished? How may we develop the faith, the courage, the feeling, which will result in accomplishment?

The reply is, by exercise; mental strength is secured in exactly the same way that physical strength is secured, by exercise.

Your conclusions & personal notes:

Mind in action is thought, and thought is creative.

Matter is powerless, passive, inert.

Mind is force, energy, power.

Mind shapes and controls matter.

Every form which matter takes is but the expression of some pre-existing thought.

But thought works no magic transformations; it obeys Natural Laws; it sets in motion Natural Forces; it releases Natural Energies; it manifests in your conduct and actions, and eventually upon the whole of your environment.

You can originate thought, and since thoughts are creative, you can create for yourselves the things you desire.

At least 90 percent of our mental life is subconscious, so that those who fail to make us of this power live within very narrow limits.

The Subconscious can and will solve any problem for us, if we know how to direct it. The Subconscious processes are always at work; the only question is, are we to be simply passive recipients of this activity, or are we to direct the work consciously?

We are today the result of our past thinking, and we shall be what we are thinking today; the Law of Attraction is bringing to us, not the things we should like, but it brings us "*our own*", the things which we have created by our thought process, whether consciously or unconsciously.

Application: Mentally select a place which has pleasant associations. Make a complete picture of it; see the buildings, the grounds, the trees, friends, everything complete.

Your conclusions & personal notes:

Thought is a product of Mind, and Mind is creative.

Your body is the "*Temple of the living God*" and the individual "*I*" is given control.

Your conclusions & personal notes:

This part tells of a method by which you may construct the mold or model from which your future will emerge; it explains that you are not limited as to cost or material, that no one can place and limitation on it but yourself. Tells why some who are apparently faithfully endeavoring to realize their ideals seem to fail. It is sometimes just as important to know what not to do as what to do.

Through all the ages man has believed in an invisible power.

We may personalize this power, and call it God, or we may think of it as the essence or spirit which permeates all things, but in either case the effect is the same.

The spiritual, being a part of or one with the source and origin of all power, has Infinite resources at its command. It can and does bring about results by methods of which the human or individual mind can have no possible conception.

It is your privilege to depend upon the human will, with all its limitations and misconceptions, or you may utilize the potentialities of Infinity by making use of the Subconscious Mind.

Visualization is the process of making mental images, and the image is the mold or model which will serve as a pattern.

Make the pattern clear; remember that no limitation can be placed upon you by anyone but yourself; you are not limited as to cost or material; draw on the Infinite for your supply.

Make the Mental Image distinct, perfect; you can be what "*you will to be*"; the ways and means will develop; supply will follow the demand. Earnest desire will bring about confident expectation.

The first step is Idealization. It is likewise the most important step, because it is the plan on which you are going to build.

You are to picture in your mind what you want; you are sowing the seed, but before sowing any seed you want to know what the harvest is to be. This is Idealization.

Then comes the process of Visualization. You must see the picture; see all the details.

And finally, the third step, or Materialization, will have been accomplished.

If you can follow these directions, you will develop Faith, the kind of Faith that is the "*Subconscious of things hoped for, the evidence of things not seen*"; you will develop confidence, the kind of confidence that leads to endurance and courage.

There are many who have come to an understanding of this wonderful power, and who make serious and conscientious efforts to realize health, power and other conditions, and seem to fail. They do not seem able to bring the Law into operation. The difficulty in nearly every case is that they are dealing with externals. They want money, power, health and abundance, but they fail to realize that these are effect and can come only when the cause is found.

Create ideals only. Give no thought to external conditions. Make the World Within beautiful and opulent and the World Without will express and manifest the condition which you have made within.

You will come into a realization of your power to create ideals and these ideals will be projected into the world of effect.

What, then, is the correct principle? Concentrate on the things you want, not the things you do not want. Think of abundance.

Your conclusions & personal notes:
